To the men and women of Oyster River Fire Hall....THANK YOU 😊💛. I came home today to 150 Mile House not knowing what to expect and the first thing I saw as I entered my house after a month was an amazing note with the best smiley face saying don't worry we were here and fed your cat. My children, my community, my city and I cannot begin to thank enough for putting your lives in danger everyday and then above all taking precious moments to feed and care for our precious animals. Thank you so very much. Tilley and our whole family thank you.

One of the task we were given was called Paw Patrol. 150 Mile Fire Department asked owners who had evacuated and left pets and live stock at home to send them an email and they would go out and care for them.
