Comox Valley Exhibition Grounds Service Function 660

The 50's , 60's and 70's

The 80's , 90's, and 2000's

2010 to current

Moving forwards

Integrate Stonehenge and Exhibition Grounds

Ensure any changes to the Exhibition Grounds respects environmental and cultural/First Nations sensitivity of the land, protect the Tsolum River and ensure that opportunities for enjoyment of time in nature are maintained.

Ensure any new buildings or developments considered be located in the part of the Comox Valley Exhibition Grounds - above the 200 year floodplain limit.

That tasks 1, 2 and 3 as recommended in the June 6, 2016 environmental consulting services – supplemental groundwater investigation, CVRD curling facility report continue with groundwater testing bi annually.
