RE: Grant Status Report

Purpose

To provide a quarterly update regarding grant applications and the status of approved grants.

Recommendation from the Chief Administrative Officer

This report is provided for information only.

Executive Summary

For the period March 31, 2019 to June 30, 2019, the Comox Valley Regional District (CVRD) received notification of approval for the following grant application:

- Investment Agriculture Foundation of BC – Phase two study of the Lower Tsolum River Agricultural Watershed Planning. Grant amount \$35,000.

During the same period, the CVRD submitted the following applications:

- Ministry of the Environment and Climate Change Strategy – Organics Infrastructure Program (OIP). Grant Amount requested \$908,724.
- UBCM – Urban Communities Partnering for Reconciliation. Grant amount \$10,000.

A summary status report is attached as Appendix A, detailing the current grants and grant applications for the CVRD.

Beth Dunlop, CPPB, CPA, CGA
Corporate Financial Officer**Policy Analysis**

Bylaw no. 89 delegates grant funding opportunities to the corporate financial officer or deputy when the opportunity,

- is concurrent with the current financial plan and would not require a financial plan amendment;
- is consistent with the corporate work plan or is included on the work plan;

- has been reviewed with member municipalities, the K'ómoks First Nation and other agencies, as applicable, and identifies any partnering opportunities, reduces duplication of effort and competition between member municipalities and other local groups;
- applies to regional priorities; and
- is approved by the Corporate Financial Officer following review and consideration of relevant criteria.

Options

This report is for information only.

Financial Factors

The approved grants are included in either the capital or operational budget for the appropriate service in the 2019-2023 financial plan with the exception of the Child Care Planning Grant which was a recent addition. For many projects, the grant funding is one of the major factors in the decision matrix to proceed with the project scope and timeline.

Legal Factors

Each grant agreement has its own terms and conditions regarding eligible expenses, claim submission and reporting requirements for both financial transactions and project progress.

Regional Growth Strategy Implications

The Regional Growth Strategy is part of the initial grant exploration process. Grant funding opportunities are evaluated against the eight Regional Growth Strategy policies identified:

- Housing: Ensure a diversity of housing options to meet evolving demographics and needs;
- Ecosystems, natural areas and parks: Protect, steward and enhance the natural environment and ecological connections and systems;
- Local economic development: Achieve sustainable, resilient and dynamic economic that supports businesses and entrepreneurship;
- Transportation: Develop accessible, efficient, affordable and connected multi-modal transportation network;
- Infrastructure: Provide affordable, effective and efficient infrastructure that conserves land, water and energy resourced;
- Food system: Support and enhance the agriculture sectors and increase local food security;
- Public health and safety: Support a high quality of life through the protection and enhancement of community health, safety and well-being; and
- Climate change: Minimize regional greenhouse gas emissions and plan for adaptation.

Intergovernmental Factors

Grant funding opportunities are usually a combination of federal, provincial and regional funds with individual grants participating at different levels of the funding mix.

Occasionally funding opportunities arise that will allow for partnership between the K'ómoks First Nation or other municipalities.

Interdepartmental Involvement

Not relevant.

Citizen/Public Relations

Some of the grant agreements require permanent or temporary signage or some form of public acknowledgment of the funding.

Appendix A
Local Government Grants - Comox Valley Regional District
Status Report at June 30, 2019

Approved Grants	Grant Amount	Costs	Grant Scope/Description	Jurisdiction	Expiry	Project Status - June 30, 2019
New Building Canada Fund – Small Communities Fund						
New Building Canada Fund – Small Communities Fund (NBCF-SCF) -Comox Strathcona Waste Management Regional Organics Composting Facility Project	\$5.5M	\$8.5M	Grant supports the development and build of a regional organics composting facility and transfer station for the CSWM area. The project will <ul style="list-style-type: none"> • increase waste diversion • extend life span of current landfill • reduce GHG • create employment opportunities 	CSWM service area	31-Mar-20	Due to new operational constraints, the preferred Campbell River owned site (Norm Wood Environmental Centre) may not be able to host the compost facility. An alternative CVRD leased site (Campbell River Waste Management Centre) is now being reviewed for feasibility of hosting a composting facility while the preliminary design is in progress. An application to the Agricultural Land Commission has been submitted for the use of this CVRD leased site to host a composting facility. A direction for this site is expected by August 2019.
Canada-BC Clean Water Wastewater Fund						
Canada-BC CWWF Funding - Capital Projects Funding - Comox Valley Water Supply Treatment Project	\$4,359,990	TBD	Grant supports the planning, indicative design, and procurement of construction services for a new water supply system: including a new lake intake, pump station, water treatment plant, and conveyance piping for the Comox Valley Regional District.	Regional Water	31-Mar-20	Three compliant proposals for the project were received for the water treatment plant design-build contract. A preferred proponent has been identified and negotiations have commenced for a contract. Floodplain exemption has been received for the pump station development permit. Water use agreement with BC Hydro has progressed.
Canada-BC CWWF Funding - Black Creek - Oyster Bay Water Supply Security	\$564,815	\$680,500	Grant supports drilling and constructing a 6" test well and a 12" production well for the Oyster River water treatment facility.	Electoral Areas C & D	31-Jul-20	CVRD is continuing to work collaboratively with the SRD for work within the park. In 2018 the CVRD completed a ground water availability study within the park to further discussions with the SRD in regards to work within the Oyster River Nature Park. CVRD and SRD staff have met to discuss the project and further discussions with FLNRO in regards to the results of the ground water availability study have ensued.
ICIP - Comox Valley Water Treatment Project Phase 3 - Construction	\$62,895,228	\$110,600,000	Grant supports Phase 3: Construction of the Comox Valley Water Treatment Project and The Extension of Water Services South Project	Regional Water	31-Mar-23	The contract to the successful design-build team is planned to be complete by summer 2019. Following contract award construction for the project will begin.
Infrastructure Planning Grants						
Min. of Community, Sport and Cultural Development-Infrastructure Planning Grant Program - Onsite Sewage System Mandatory Maintenance Program	\$10,000	TBD	Grant supports a study to evaluate the feasibility of implementing an onsite sewage system and mandatory maintenance program for the electoral areas.	Electoral Areas A, B, & C	31-Mar-20	Reviewing consultant proposal for septic maintenance program study. Anticipate commencement of study work this summer.
Min. of Municipal Affairs and Housing	\$10,000	\$10,000	Grant supports a feasibility study - Composting Toilet Residuals Management on Hornby Island	Area A Hornby Island	31-Mar-21	Reviewing consultant proposal for Hornby Island Composting toilet residuals management study. Anticipate commencement of study work this summer.
Asset Management Grants						
Federation of Canadian Municipalities-Municipal Asset Management Program - Asset Management planning for Water and Wastewater Services	\$50,000	\$ 336,060	Grant supports the development of corporate-wide asset management plans and policies for the implementation of a fully integrated asset management system. Water and wastewater services are a priority, as these services provide water and convey wastewater for approximately 45,000 residents.	Regional	1-Aug-18	The asset management policy, strategy and working group terms of reference for the whole CVRD are drafted, prior to finalizing the CVRD is waiting to fill the Asset Management position vacancy. The asset management plans for water and wastewater asset management plans are drafted, final review of the asset inventory is complete with final reports to be done by mid-August. The final report for the FCM grant funding was submitted in February 2019.
Union of British Columbia Municipalities - Asset Management	\$15,000	\$ 336,060	Grant supports the development of corporate-wide asset management plans and policies for the implementation of a fully integrated asset management system. Water and wastewater services are a priority, as these services provide water and convey wastewater for approximately 45,000 residents.	Regional	30-Apr-19	The asset management policy, strategy and working group terms of reference for the whole CVRD are drafted, prior to finalizing the CVRD is waiting to fill the Asset Management position vacancy. The asset management plans for water and wastewater asset management plans are drafted, and CVRD and AECOM staff are working on finalizing following a detailed review of the asset inventories.
