Subject: 4218 Forbidden Plateau Rd - development variance application

Hello

I am the owner of 4244 Forbidden Plateau Rd property which is adjacent to 4218 Forbidden Plateau Rd. I received the letter from your office in regards to "Development Variance Permit Application - 4218 Forbidden Plateau Rd (Nichol) Lot B, Section 16, Township 9, Comox District, Plan 40985, PID 000-409-499".

I support the application request to vary the CVRD Zoning Bylaw to increase the floor area of the accessory building to 345 square metres. I have no issues with the proposal.

Can you tell me what the maximum floor area is for principal building in this area?

Regards
Lara Mirecki
