

Zoning Bylaw Review Proposed Public Consultation Plan

Background

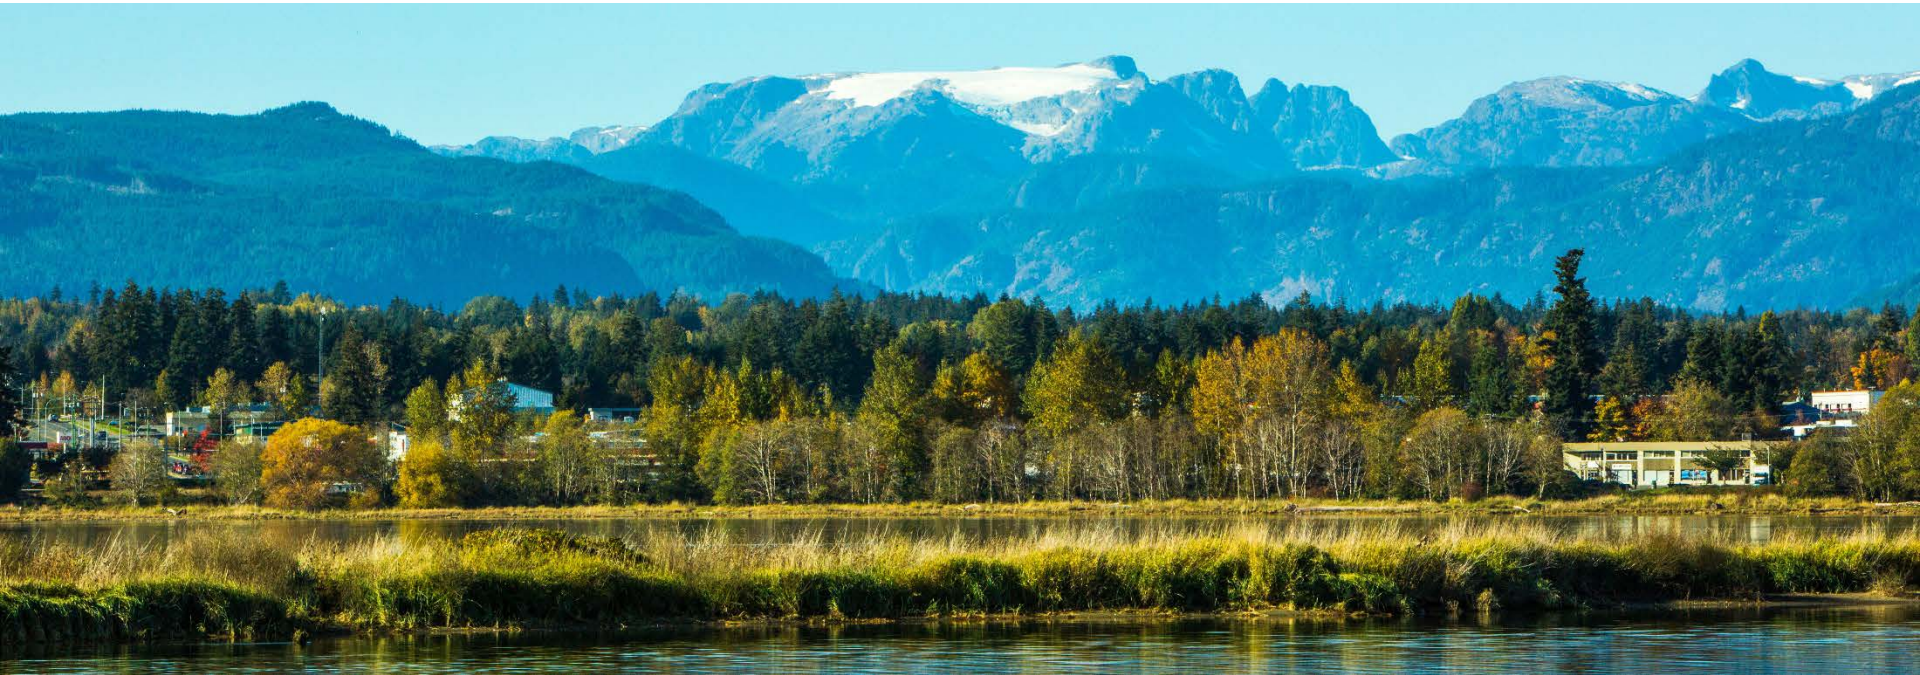

Key Objectives

- Modernize for clarity, interpretation and administration
- Address functionality challenges
(e.g. carriage house height and floor area)
- Support agriculture and aquaculture
- Support rural living
- Support aging in place
- Enable sustainability principles
(e.g. solar panel, wind energy devices)

Proposed Public Consultation

- Informing the public through the website
- Consulting with residents through open houses
- Public Hearing in August 2019
