Chair and Directors
Electoral Areas Services Committee

Re: Biosolids

As the electoral area director for Electoral Area ‘B’, I ask for consideration of the following, in order to obtain more information regarding the application of biosolids to public and private lands.

Requested action:

THAT a report be prepared for a subsequent Electoral Areas Services Committee that describes the regulations and applicable rules and procedures for applying biosolids to public and private lands, both within and outside of the Agricultural Land Reserve, in British Columbia.
