Subject: Re: Variance application 1758 Astra Road

Further to the Tomlinson variance application to revise the setback to 3 metres, my husband and I would like the compromise denied!

I would like to know why MOTI approved the 4.5 metre setback last September 2017 and, the APC in March 2018? The proponent would have had ample time to revise his plans within the lot lines of his property. The process of this application appears to me to be skewed!

Yours sincerely,
Marie Clegg. 1761 Astra Road, Comox, B.C.

Hello,

A letter informing you of the next Electoral Areas Services Committee meeting has gone out in the mail this morning. Please see attached electronic copy. We will be soliciting public comments until May 11, 2018 at noon.

The application will go back to the Advisory Planning Commission (APC). The meeting is on May 3rd at 7pm in the CVRD Boardroom (550B Comox Road). This meeting is open to the public. The APC is a citizen's group and their purpose is to provide advice to the electoral area Director on planning applications. They have no decision making authority.

If you have any questions about the remainder of the process, please feel free to give me a call.

Kind regards,

Brienne Labute, M.Sc (Planning)
