

# Curbside Waste Collection Service in Electoral Areas

Garbage, Recycling, Food  
Scraps and Yard Waste

# Benefits of a CVRD Service

- Cost for residents
- Level of service
- Convenience = diversion
- Air quality benefits
- GHG's

# 2013 Referendum

- Proposed weekly garbage and bi-weekly recycling
- 73 per cent in opposition to the service
- What we heard from the public

# Changes in Landscape

- Haulers
- Public expectations
- Air quality impacts
- Royston service provides good value

# Risks

- Electorate support
- Recycle BC funding
- Service award structure
- 2013 costs

# Next Steps

- Engage stakeholders to determine proposed:
  - Level of public willingness for the service
  - Service areas and included property types
  - Service levels
  - Contract approach
  - Public assent process
  - Funding required
- Follow up report
