

# Integrated Regional Transportation Select Committee

Regional Transportation Service Delivery  
and Governance Models - Update

# Background

## IRTSC Mandate

- Consideration of the concept of a single point of contact for transportation-related initiatives in the Comox Valley.

## CVRD Board Strategic Priority

- **Transportation and Transit:** Review transit reports, recent changes and current service plans; consider regional multi-modal transportation planning and the role of the Integrated Regional Transportation Select Committee

# What is Multi-Modal Transportation?

- Allows people to travel using several forms of transportation, often in a single trip.

Example: A person might load their bike onto a bus, ride, then hop onto a ferry and then pedal to a final destination.

- Multi-modal transportation might include a combination of shared transportation—e.g., a bus—and personal transportation, such as a private car or bicycle.

# What is Active Transportation?

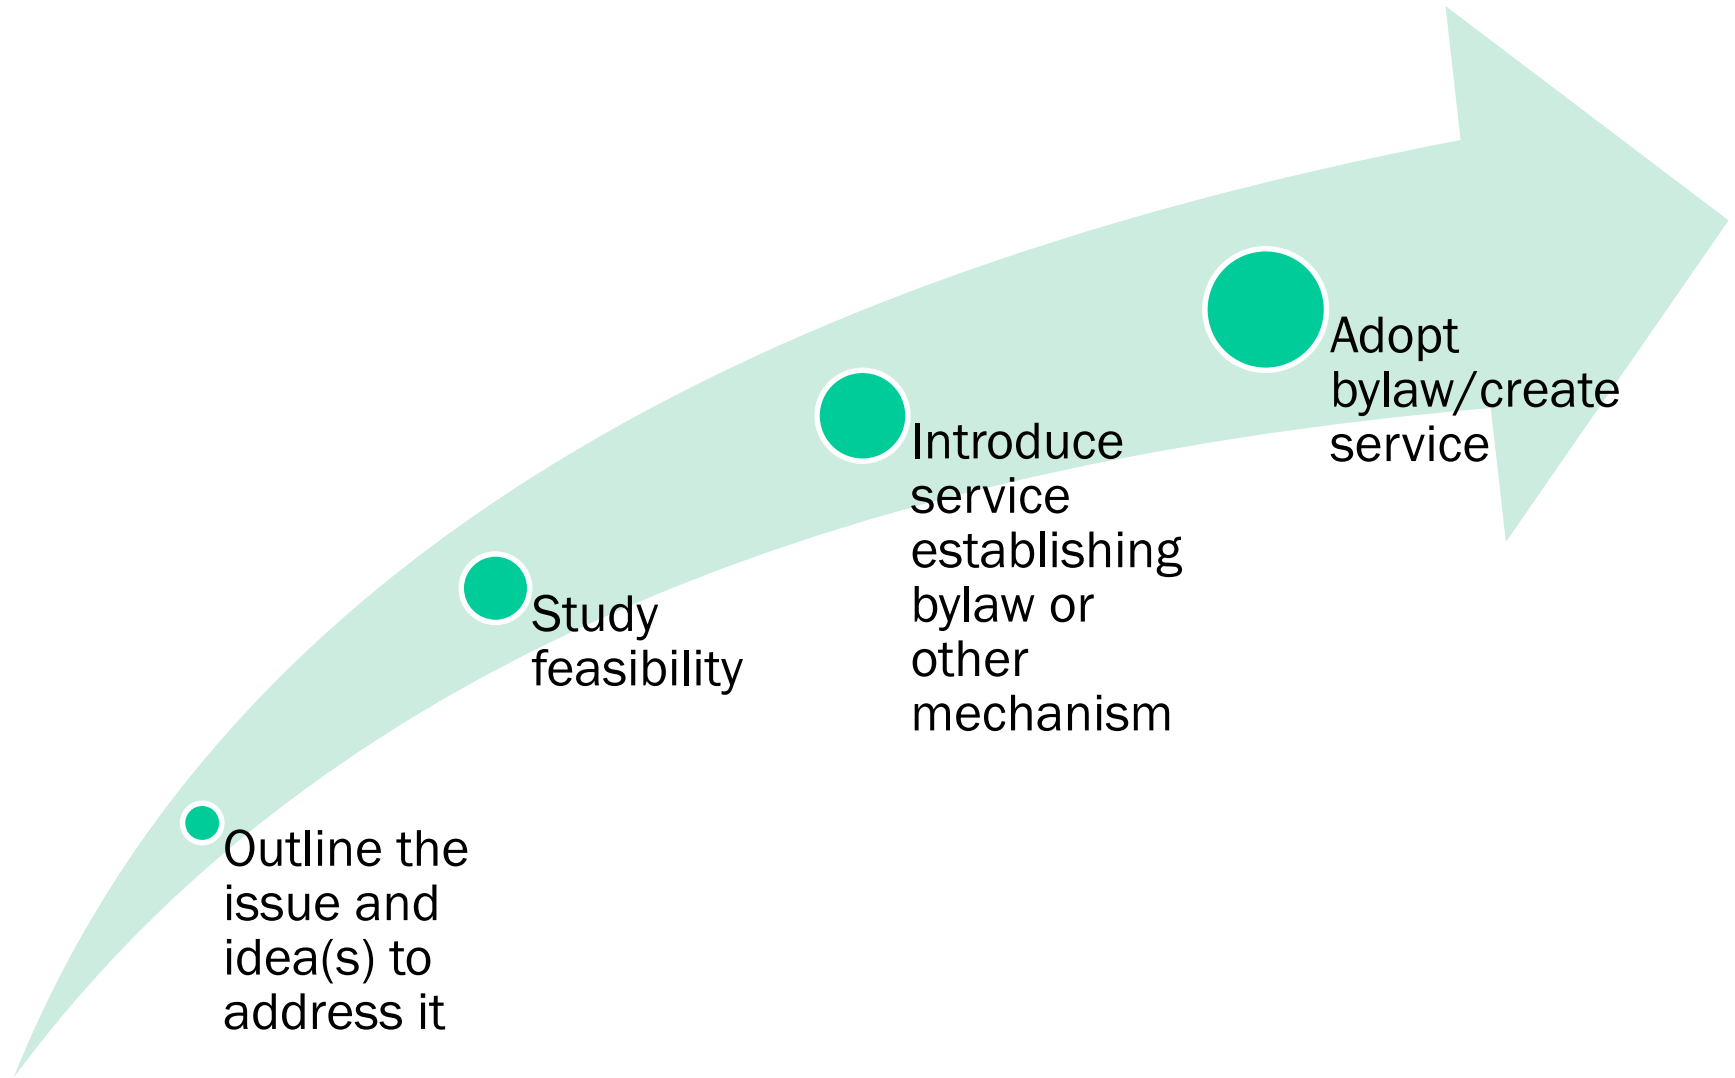

## Types of Active Transportation

- **Walking**, including jogging, walking dogs etc.
- **Bicycling**
- **Rolling** (skateboarding, longboarding, scootering, rollerblading)
- **Sliding** (cross-country skiing, skating etc)
- **Gliding** (canoe, kayak, stand-up paddleboard etc.)
- **Horseback riding**
- **Micro-mobility** (e-bike, e-scooters, etc.)

# What is Regional Transportation?

The inter-regional transportation system that ties together the outlying communities and urban centers

# Regional District Services

# Regional Transportation Service Delivery and Governance Models

## Independent agencies

- Status quo

## Informal coordination

- Sustainable Transportation Partnership of the Central Okanagan
- Spokane Regional Transportation Council

## Formal coordination

- TransLink
- Capital Regional District

# Transportation Gaps

**Are there transportation gaps or issues that can be best addressed through regional collaboration?**

# Regional Transportation Activities

What are the activities that could address the transportation gaps or issues?

**Is there a model and set of activities that  
should be advanced?**
