CAUTION! EXTERNAL EMAIL

i live on approximately 1/3 of an acre on yates road in comox which is an extremely sloped property...there is so little flat

area for our housing never mind gardens or potential chicken coops...I DO NOT want chickens beside me because of the

predatory rat/raccoon/large bird attraction and also the property devaluation with what could be very obvious chicken

coops on either side of me with narrow lots...we have had to stop feeding the birds over the winters because of the very

obvious rat population... some on our street are experiencing rats in their homes that are still causing angst despite

professional attention...without the roosters i don't think chickens are an auditory upset but without adequate fencing

they are wanderers and some people with children or dogs might not want them in their yards...

i can't comment on the domestic beekeeping, i don't have any experience with that...

so in conclusion let it be known that i don't want chickens!!!

sincerely, cheryl sutton 1162 yates road, comox, b.c. V9M 3X3
